

Pioneer Christian Fellowship  
Marriage Ministry  
Annual report 2021

Well! Here we are! Still trying to figure this thing called COVID-19 out and how to continue to reach out and support marriages at PCF.

God created marriage, as a covenant between a man and a woman. So even though it has been more difficult to reach out and support marriages, through events here at PCF, we know God is still with us, supporting us and wanting to see marriages thrive.

This past year was limited for the marriage ministry; we continued to send Anniversary cards each month to marriages within the church. We prayed for God to continue to be the center of their marriages.

Then we were so excited to offer an event on September 24<sup>th</sup>. The event was, “Laugh your way to a better Marriage” We felt so blessed as a team to be able to socialize and spend time with other couples that evening. We had 21 couples at the church attend and after a light dinner at the church, we car pooled to the event.

Proverbs 17:22 “A cheerful heart is good medicine, but a crushed spirit dries up the bones.”

Laughter is something we all need; especially with all the changes and unknown we’ve been dealing with these last

years. We all laughed and enjoyed time together! It was way over due, but much needed!  
It was an incredible evening.

As we look forward to 2022, we are working on a few events and are excited that we can meet and discuss them! It's amazing how different our perspective can be when our world turns upside down. God is so good to us!!! We are honored to serve in the marriage ministry team at PCF!

Respectfully submitted,  
The Marriage Ministry team
